Notes:

Licenses are required for Asbestos, Plumbing, and Electrical trades. Corporations, LLC, and Trade Names must register with the Secretary of State.

For TX: No state License is required for general contractors. Licenses are required for HVAC, and plumbing trades.

For TN: State License required for any job over \$25,000. Each county has a right to require an other license.

For PA: No state License required but they must be registered.

For OH: Licensing is done on a local level. Licensing required for: plumbing, electrical, HVAC, Heating and hydronics trades.

For NY: State license is required for Asbestos Abatement. All licenses are done on a local level and businesses must register with the Secretary of State.

For MO: Licensing is done at the local city level. Contractors MUST register to do business with the Secretary of State.

For KS: No state license is required for general contracting. Contractors are required to be licensed in the jurisdiction the project is located in.

Corps and LLC businesses must register with the Secretary of State.

For Internal Use Only. Do Not Distribute. The information in this document is the property of HomeBridge and is intended for the use of HomeBridge employees and authorized representatives. Any disclosure, copying, distribution, or use by others of the information contained herein is strictly prohibited. If you are found in violation of HomeBridge's policies, you are subject to disciplinary action, including possible termination and/or legal action, depending on the severity of the violation.
