## PRODUCT OVERVIEW

### Community Land Trust Mortgages

- » May be a purchase, “no cash-out” or cash-out refinance – cash out only allowed if permitted by Community Land Trust
- » Must be secured by a 1 or 2 unit Primary Residence that is not a Manufactured Home.
  - For any Mortgage secured by a 2-unit property, at least one qualifying Borrower must participate in a landlord education program before the Note Date or have at least one year of previous landlord experience.
- » Fixed rate Conventional only – no ARMs
- » Must be submitted to LPA. REMN must enter the appraised value in the purchase price field and the appraised value field
- » File must contain an original executed or certified copy of the Community Land Trust Ground Lease\* and the Form 490 - Community Land Trust Ground Lease Rider containing the recordation information

#### Additional Information

- » Freddie Mac requires the appraiser to develop the opinion of value for the leasehold interest based on the hypothetical condition that the property rights being appraised are the leasehold interest without the resale and other restrictions included in the Community Land Trust Ground Lease, which are removed by Form 490, Community Land Trust Ground Lease Rider, upon foreclosure (or expiration of any applicable redemption period) or recordation of a deed-in-lieu of foreclosure.
- » REMN must review and determine that the Community Land Trust’s Ground Lease conforms to either the National Community Land Trust Network (NCLTN) 2011 Community Land Trust Network Model Ground Lease or the Institute for Community Economics (ICE) Model Ground Lease. Optional language as provided in either of such models must be selected but no additional changes may be made without Freddie Mac’s prior written approval.
- » Any refinance transaction must comply with the applicable requirements of the Community Land Trust including, but not limited to, the amount of the refinance Mortgage, and in the case of a cash-out refinance Mortgage, the amount of proceeds disbursed to the Borrower. REMN must obtain and retain documentation signed by the Community Land Trust or its authorized representative permitting the Borrower to enter into a refinance transaction.
- » The leasehold estate created by the Community Land Trust Ground Lease must constitute real property under applicable law.

**Note:** For Community Land Trust Mortgages, minimum Down Payment requirements are based on the purchase price.

#### **\* Community Ground Lease must:**

- Have a term of at least 30 years
- Include a resale formula that limits the homeowner’s proceeds at resale. The restrictions must be binding on current and subsequent property owners, and remain in effect (i.e., survive) until they are formally removed or modified, or terminate automatically in accordance with their terms, such as at a foreclosure sale or upon recordation of a deed-in-lieu of foreclosure
- Provide the Community Land Trust or its assignee the right to a preemptive option to purchase the home from the homeowner at resale (“the right of first refusal”)
- State that the Community Land Trust must review and approve any refinances and home equity lines of credit

For each Community Land Trust Mortgage sold to Freddie Mac, REMN represents and warrants that the Community Land Trust Ground Lease is valid, enforceable and in full force and effect.

## Properties Subject to Income-Based Resale Restrictions

- » Mortgages secured by properties subject to income-based resale restrictions must meet the requirements of this section in addition to the requirements of [Re-Sale Restrictions](#). For Mortgages secured by income-based resale restricted properties with Affordable Seconds used to subsidize the sales price of such properties, the requirements for [Secondary Financing – Affordable Seconds](#) also apply.
- » Affordable housing programs use income-based resale restrictions to create affordable housing opportunities. These affordable housing programs are often based on State or local inclusionary housing policies, which typically require a specified percentage of properties in a designated area to be dedicated as housing individuals and households with very low, low-or-moderate incomes. These resale restrictions are typically administered by a subsidy provider or program administrator. REMN must review the terms and conditions of the affordable housing program including, but not limited to any provisions that describe the resale restrictions.
- » The income-based resale restrictions restrict the initial sales price and subsequent resale price of properties subject to such restrictions. The resale restricted price provides a form of subsidy to the homebuyer in an amount equal to the difference between the sales price and the market value of the property without resale restrictions. The restrictions must be stated in a separate covenant, restriction, easement, or condition in a deed or other instrument executed by or on behalf of the owner of the land or property and must be recorded against that land or property. These restrictions may be in effect for a certain number of years or continue in perpetuity.
- » **Property Type and Occupancy**
  - The Mortgage must be secured by a 1 or 2-unit primary residence that is not a Manufactured Home. The property must be an attached or detached dwelling unit located on an individual lot or in a Condominium project or Planned Unit Development (PUD).
- » **Special Requirements for Cash-Out Refinance Mortgages**
  - Cash-out refinance mortgages are only permitted if the subsidy provider or program administrator approves the transaction meets the requirements of the applicable program. The Mortgage file must contain evidence of the required approval and approved amount of the proceeds that the Borrower may receive.
- » **Minimum Down Payment Requirements**
  - For Mortgages secured by properties subject to income-based resale restrictions, minimum down-payment requirements are based on the resale-restricted price.
- » **Eligible Borrowers**
  - Borrowers must meet the program eligibility requirements established by the subsidy provider or program administrator. When the First Lien mortgage is Home Possible, REMN must use the Home Possible income limits to determine Borrower eligibility even if the subsidy provider or program administrator limits are different.
- » **Resale Restriction Controls**
  - The resale restriction controls must be administered by the subsidy provider or a program administrator.
- » **Excess Proceeds**
  - If the income-based resale restrictions survive foreclosure or recordation of a deed-in-lieu of foreclosure, the subsidy provider may be entitled to obtain “excess proceeds” (not to exceed an amount equal to the subsidy provided to the previous property owner by the subsidy provider and secured by a subordinate lien) from Freddie Mac’s sale or transfer of the REO property if the resale restrictions allow a foreclosing mortgage holder, who acquires title to a restricted property as real estate owned, to recover from the initial sale or transfer of the real estate owned property an amount satisfying the total indebtedness previously secured by the property, as well as any amount incurred during the real estate owned holding period attributable to the real estate owned property.
  - Note: The subsidy provider may be entitled to obtain proceeds from any future sale(s) or transfer(s) of the property following Freddie Mac’s sale or transfer of the REO property.

# REMN WHOLESALE FREDDIE MAC PRODUCT DESCRIPTION

## PRODUCT OVERVIEW

### Temporary Buydowns

- » Buydown plans allow the borrower to benefit from temporary subsidies of the monthly payment of principal and interest
- » REMN offers 3/2/1, 2/1, 1/1/1, 1/1, and 1/0 options

#### Eligibility

- » Buydown plans are **not** permitted for Mortgages with the following characteristics:
  - ARM's
  - Refinance transactions
  - Investment property mortgages
  - Renovation Loans and DPA programs
  - Texas Section 50(a)(6) Refinances
  - Manufactured Homes
- » For any Mortgage with a buydown plan, the initial interest rate may not be more than two (2) percentage points below the Note Rate. Also, the buydown plan may not extend for more than three (3) years after the first scheduled payment date
- » Temporary Buydowns may be funded by the following (No Exceptions):
  - The Lender
  - The Listing or Selling Real Estate Agent
  - The Seller
- » Buyer-Funded buydowns are not eligible

#### Special Underwriting Requirements Buydown Mortgages

- » For a Temporary Buydown Mortgage, the initial rate is:
  - Temporarily reduced to no more than two percentage points (2%) below the Note Rate
  - Increased by no more than one percentage point (1%) annually for no more than two (2) years

Property Type	Fixed Rate
1 Unit Primary Residence & Second Home	Yes
2 Unit Primary Residence	Yes
3 to 4 Unit Primary Residence	Yes

- » **Borrower Qualification:**
  - The Borrower must be qualified using monthly payments calculated at the Note Rate
  - If Reserves are required, the reserves must be calculated using the Note Rate

#### Special Documentation Requirements for Mortgages with Buydown Plans

- » **Application for Buydown Funds**
  - The borrower must agree, in writing, that the buydown funds in the buydown account will be automatically applied each month to reduce the monthly payment of principal and interest to the extent provided under the subsidy buydown agreement. The buydown agreement must provide that the borrower will not be relieved of the obligation to make the full monthly Mortgage payments required by the terms of the Mortgage Note if, for any reason, the buydown funds are not available or the buydown funds are not paid.
  - The Mortgage file must contain a copy of the executed buydown agreement and must clearly show REMN's calculations of the total cost of the temporary subsidy buydown, any interested party contribution and the annual percentage increase in the borrower's monthly principal & interest payment.
- » **Custodial Account Requirements for Buydowns**
  - Each subsidy buydown must be fully funded at origination
  - The buydown agreement must state that the Borrower will not assign, transfer, close the account, or withdraw buydown funds, except as permitted by the terms of the buydown agreement
- » **References**
  - No references to the buydown plan are permitted in the Note and Security Instruments

## PRODUCT OVERVIEW

### Loan Product Advisor

- » Loan Product Advisor is an automated loan assessment system that makes a purchase decision for Freddie Mac that eliminates many of the manual processing and underwriting requirements of traditional Mortgage processing. This section includes:
  - An overview of Loan Product Advisor
  - Essential terms REMN must know to use Loan Product Advisor
  - General and specific eligibility requirements for Loan Product Advisor Mortgages
- » Detailed information about Loan Product Advisor Mortgages is found throughout the *Single-Family Seller/Servicer Guide* (Guide). Operational information for using Loan Product Advisor may be found in the *Loan Product Advisor Functionality Guide* or at <http://www.freddiemac.com/learn>.
- » Loan Product Advisor utilizes the information obtained from:
  - Data input by the originator
  - Credit repositories
  - Freddie Mac's Home Value Models
- » Loan Product Advisor uses statistical models and judgmental rules to analyze the data received and then return a Feedback Certificate. Loan Product Advisor will return credit information and for certain Mortgages will provide Home Value Model support for the Subject property.
- » Because this is an automated system, it relies heavily on information from other sources. Consequently, accurate data and accurate data entry are critical. Loan Product Advisor assumes that the last information submitted to Loan Product Advisor is the same as the information for the Mortgage that is delivered to Freddie Mac. If the information changes or an error is identified in the prior submission, the Mortgage must be resubmitted to Loan Product Advisor with new data. Each new Feedback Certificate invalidates the prior Feedback Certificate.
- » In order for a Mortgage to qualify as a Loan Product Advisor Mortgage, the Mortgage must meet all of the following criteria:
  - Be submitted to Loan Product Advisor no more than 120 days before and no later than the Note Date
  - Have all credit reports (including the Loan Product Advisor credit reports) dated no more than 120 days before and no later than on the Note Date
  - Receive an automated underwriting service (AUS) status of "complete" on the Feedback Certificate based on the last submission to Loan Product Advisor on or before the Note Date
- » Loan Product Advisor may return an evaluation status of invalid, ineligible, or incomplete. If resubmission with new and/or corrected information does not correct the status, the Mortgage cannot be processed through Loan Product Advisor. The Mortgage must be manually underwritten and delivered as a Non-Loan Product Advisor Mortgage.
- » The Documentation Level shown on the Last Feedback Certificate indicates the minimum level of documentation that Freddie Mac will accept for the Mortgage. The Documentation Level for users of Loan Product Advisor Classic will be identified in a feedback message under the Documentation Guidelines section of the Feedback Certificate. Specific feedback messages will describe the type of documentation needed for employment, income and asset verification based on the data input into the Loan Product Advisor system. The specific feedback messages are for guidance purposes only.
- » The Minimum Assessment Feedback (MAF) shown on the Loan Product Advisor Feedback Certificate indicates the least comprehensive appraisal or inspection report required for a particular Loan Product Advisor Mortgage

**REMN Overlay: If LPA provides for only obtaining one (1) year tax return, we will accept provided the borrower is self-employed for at least two (2) full years AND the one (1) year return we qualify on is the most current year (example: 2014). If the borrower is on extension for 2014, this reduced documentation is not eligible.**

### No Cash-Out Refinance

- » A "no cash-out" refinance Mortgage is a Mortgage for which the proceeds may be used only to:
  - Pay off the principal and interest due, including a balance deferred under a loss mitigation plan, for the first Mortgage, regardless of its age, used to acquire the property or originated as a refinance transactions (with a Note Date no less than thirty days prior to the Note Date of the "no cash-out" refinance Mortgage, as documented in the Mortgage file)
    - For Construction Conversation and Renovation Mortgages, the amount of the Interim Construction Financing secured by the Mortgaged Premises is considered an amount used to pay off the first Mortgage
  - Pay off any costs or fees associated with the satisfaction and release of the first Mortgage (e.g., late fees, prepayment penalties, etc.)
  - Proceeds can be used to pay off or pay down any junior liens related to the purchase of the subject property. Any remaining balance must be subordinated to the refinance mortgage.
  - Pay related Closing Costs and Prepaid Items/Escrows
    - *Note: Real estate taxes that are past due and/or delinquent, as defined by the taxing authority, may not be paid with the proceeds of the "no cash-out" refinance Mortgage, except that if the transaction results in cash out as permitted in the following bullet, these funds may be used to pay the delinquent taxes.*
  - Disburse cash out to the Borrower (or any other payee) up to the greater of 1% of the new refinance Mortgage or \$2,000
  - Pay off the outstanding balance of a land contract or contract for deed
  - Thirty (30) days seasoning required; the note being paid off must have a note date that is no less than 30 days of the note date for the new (subject) property
- » In the event there are remaining proceeds from the "no cash-out" refinance Mortgage after the proceeds are applied as described above:
  - The Mortgage amount must be reduced, or
  - The excess amount must be applied as a principal curtailment to the new refinance Mortgage at closing and must be clearly reflected on the CD form or other equivalent closing statement
  - Under no circumstances may cash disbursed to the Borrower (or any other payee) exceed the maximum permitted for "no cash-out" refinance Mortgages

### Secondary financing

- The Borrower is not required to satisfy outstanding junior liens, provided that:
- The junior liens remain subordinate to the lien of the new refinance Mortgage
- Evidence of the subordination is retained in the Mortgage file; and
- The junior liens meet the requirements of secondary financing
- See [Continuity of Obligation](#) section for details on eligible borrowers

### Special documentation requirements

- If a junior lien was paid off as part of the "no cash-out" refinance transaction, REMN must maintain documentation in the Mortgage file demonstrating that the full amount of the lien was used for the purchase of the subject property

## Cash-Out Refinance

- » A cash-out refinance Mortgage is a Mortgage in which the use of the loan amount is not limited to specific purposes
- » A Mortgage placed on a property previously owned free and clear by the Borrower is always considered a cash-out refinance Mortgage
- » At least one (1) borrower must have been on the title to the subject property for at least six (6) months prior to the Note Date; measured from the settlement date to the Note Date of the cash-out refinance mortgage, except as specified below:
  - For cases in which the property is a leasehold estate, at least one Borrower must have been lessee on the ground lease or lease agreement of the subject leasehold estate for at least six months.
  - For cases in which title to the property is held by a limited liability company (LLC) or limited partnership (LP), the time the property was titled in the name of the LLC or LP may be included in the six-month requirement provided:
    - At least one borrower must have been the majority owner or had control of the LLC or LP since the date the property was acquired by the LLC or LP, and
    - Title must be transferred from the LLC or LP into the borrower's name on or before the Note Date
- » If none of the borrowers have been on the title to the subject property for at least six months prior to the Note Date of the cash-out refinance Mortgage, the following requirement(s) must be met:
  - At least one (1) borrower on the refinance Mortgage inherited or was legally awarded the subject property (e.g., in the case of divorce, separation or dissolution of a domestic partnership), or
  - Delayed Financing provision criteria is met (see below)

**NOTE:** Likewise, if prior ownership in the name of an LLC owned by the borrowers may count towards the ownership seasoning. On the other hand, if prior ownership was held in an inter-vivos/revocable trust in the borrower's name and meets FHLMC criteria (as defined in [FHLMC Selling Guide: 5103.05 Living Trust](#)), this can be applied towards ownership seasoning if title had transferred from the trust to the borrower.
- » All borrowers must occupy the property on Primary Residence Cash-Out Refinance loans with a note date on or after February 6, 2024
- » When proceeds of a cash-out refinance mortgage are used to pay off a First Lien Mortgage, the First Lien Mortgage being refinanced must be seasoned for at least twelve (12) months, measured from the Note Date of the of the mortgage being refinance to the Note Date of the cash-out refinance mortgage, unless:
  - The cash-out refinance mortgage is a special purpose cash-out refinance mortgage that meets the [special purposes cash-out refinance requirements](#).
  - The First Lien Mortgage being refinanced is a Home Equity Line of Credit (HELOC)
  - The cash-out refinance mortgage is a Construction Conversion or Renovation Mortgage, or
  - The purpose of the cash-out refinance mortgage is to convert the Manufactured Home to legally classified real property under applicable State Law
- » See [Continuity of Obligation](#) section for details on eligible borrowers
- » Freddie Mac's Delayed Financing provision is acceptable provided all of the following requirements are met:
  - The executed CD from the purchase transaction must reflect that no financing secured by the subject property was used to purchase the subject property. If application received date is prior to October 3, 2015, the Settlement/Closing Disclosure Statement must be an executed version. A recorded trustee's deed or equivalent documentation may be used when a Settlement/Closing Disclosure Statement was not used for the purchase transaction.
  - The preliminary title report for the refinance transaction must reflect the Borrower as the owner of the subject property and must reflect that there are no liens on the property
  - The source of funds used to purchase the subject property must be fully documented

## REMN WHOLESALE FREDDIE MAC PRODUCT DESCRIPTION

- If funds were borrowed to purchase the subject property, those funds must be repaid and reflected on the CD for the refinance transaction
  - o Cash-out proceeds must be used to pay off or pay down the borrowed funds, as reflected on the Settlement/Closing Disclosure Statement for the refinance transaction
  - o Additional cash-out is permitted only when all borrowed funds are paid in full, and
  - o The payment on any remaining outstanding balance of the borrowed funds must be included in the debt payment-to-income ratio as described in [Section 5401.2](#)
- The amount of the cash-out refinance Mortgage must not exceed the sum of the original purchase price and related Closing Costs, Financing Costs and Prepaids/Escrows as documented by the CD for the purchase transaction. A recorded trustee's deed or equivalent documentation may be used when a Settlement/Closing Disclosure Statement was not used for the purchase transaction.
- There must have been no affiliation or relationship between the buyer and seller of the purchase transaction
- The cash-out refinance Mortgage must comply with the applicable LTV/TLTV/HCLTV ratio limits and all other Freddie Mac requirements
- **This is considered a cash-out refinance transaction** and thus, all other cash-out refinance eligibility requirements must be met. Cash out pricing is applied to the transaction

### Investment Property

#### » [Special Underwriting Requirements](#)

An Investment Property Mortgage delivered to Freddie Mac must meet the following special underwriting requirements:

- For newly constructed homes that are purchase transactions, the Borrower may not be affiliated with or related to the builder, developer, or property seller
- The monthly housing expense related to the Borrower's current Primary Residence must be used in calculating the Borrower's monthly housing expense-to-income ratio
- Regardless of whether rental income from the Subject property is used in qualifying, the [Reserves](#) requirements must be met
- The aggregate negative rental income from all rental properties must be treated as an obligation and considered in calculating the Borrower's monthly debt payment-to-income ratio
- Borrower Funds must not include gifts from a Related Person or gifts or grants from an Agency as described in [Gifts Funds](#)
- If rental income is not used for qualifying, the monthly payment amount for the Subject property plus operating expenses must be used in calculating the monthly debt payment-to-income ratio

#### » [Additional requirements for Borrowers owning more than one financed Investment Property](#)

Freddie Mac will purchase Investment Property Mortgages made to Borrowers who own more than one financed Investment Property, provided that the following additional requirements are met:

- Each Borrower individually and all Borrowers collectively must not own and/or be obligated on more than ten (10) 1- to 4-unit financed properties, including the subject property and Borrower's primary residence. See [Multiple Financed Properties](#) for more details.
- The Investment Property Mortgage being sold to Freddie Mac is:
  - An eligible fixed-rate, level-payment Mortgage, and
  - A 7/6 or 10/6 ARM, and
  - Not an A-minus Mortgage

## PRODUCT OVERVIEW

### Secondary Financing

#### General Requirements

- » Terms of any secondary financing must be disclosed to the appraiser and to the MI. The terms of the secondary financing that must be disclosed include, but are not limited to, the Note Rate and the institution or individual providing the financing. REMN may not indicate a value needed to support the transaction or provide any information to the appraiser about an expected loan-to-value (LTV) ratio.
- » Except as specifically stated in [Secondary Financing – Affordable Seconds](#) with respect to Affordable Seconds, the terms of secondary financing must not permit the provider or another party to share in the appreciation of the mortgaged premises (equity sharing).
- » Mortgages with PACE or HERO programs as a subordinate/secondary financing option are not eligible for financing (all states).

#### Requirements for New Secondary Financing:

Secondary financing originated concurrently with the First Lien Mortgage (i.e. the First Lien Mortgage and the junior lien are originated on the same day) must meet the following requirements:

#### Maturity Date

- » The maturity date or amortization basis of the junior lien must not be less than five (5) years after the Note Date of the First Lien Mortgage delivered to Freddie Mac, unless the junior lien is fully amortizing or a Home Equity Line of Credit (HELOC). In addition, the junior lien must not contain a call provision within the five-year period, unless the junior lien is a HELOC.
- » If the secondary financing is an Employer Assisted Homeownership (EAH) Benefit, the terms of the secondary financing must permit the Borrower to continue making payments on the loan in the event the Borrower no longer works for the employer and may not require repayment in full unless:
  - The Borrower terminates his or her employment for any reason, or
  - The employer terminates the Borrower's employment for any reason other than long-term disability, the elimination of the employee's position or reduction-in-force

#### Scheduled Payments

- » The terms of the secondary financing must provide for regular monthly payments sufficient to meet the interest due; interest may not accrue
- » If the secondary financing is an EAH Benefit and the monthly payment of principal and interest or interest only begins on or after the 61st monthly payment under the First Lien Mortgage or if repayment of the principal is due only upon sale or default, the amount of the monthly payment may be excluded from the monthly housing expense-to-income ratio and monthly debt payment-to-income ratio. Otherwise, the required monthly payment must be included in both the ratios.

#### Documentation Requirements

- » REMN must include a copy of the following documentation for the secondary financing in the Mortgage file:
  - Note or other evidence of subordinate lien terms
  - CD or other equivalent closing statement that evidences the fees and costs paid by the Borrower at closing in connection with the secondary financing
  - For HELOCs, the HELOC agreement indicating all fees and costs paid by the Borrower at closing, and the maximum permitted credit advance

#### Requirements for Existing Secondary Financing:

- » Freddie Mac will purchase First Lien Refinance Mortgages with existing junior liens (including Home Equity Lines of Credit (HELOCs)) that are not paid off from the proceeds of the refinance Mortgage provided that:
  - Evidence of subordination of outstanding secondary financing is retained in the Mortgage file
  - The junior lien has scheduled payments sufficient to meet the interest due

If a junior lien is created concurrently with the refinance Mortgage (i.e., the refinance Mortgage and the junior lien are originated on the same day), the refinance Mortgage must comply with the Requirements for New Secondary Financing noted above.

## Secondary Financing – Affordable Seconds

- » REMN must approve all DPAs on a loan-level basis
- » Affordable Seconds must comply with the requirements listed in the [Secondary Financing](#) section, as well as the following requirements, regardless of whether they are originated concurrently (i.e. the First Lien Mortgage and the Affordable Second are originated on the same day) or are being subordinated to the First Lien Mortgage in a refinance transaction.
  - Source:** The Affordable Second must be provided by an Agency, Credit Union, or Community Development Financial Institution (CDFI) under an established, ongoing, documented secondary financing or financial assistance program. The source of the Affordable Second must not be the property seller, or another interested party to the transaction.
  - Eligible First Lien Mortgages:** – The First Lien Mortgage must be:
    - Fixed Rate
    - Purchase or No Cash-Out Refinance transaction, and
    - Secured by a 1-4-unit Primary Residence
  - Maturity Date:** The terms of the Affordable Second must not require balloon payments due before the maturity or payment in full of the First Lien Mortgage. If the Affordable Second is an EAH Benefit, the terms of the secondary financing must permit the Borrower to continue making payments on the loan in the event the Borrower no longer works for the employer and may not require repayment in full unless:
    - The Borrower terminates his or her employment for any reason, or
    - The employer terminates the Borrower's employment for any reason other than long-term disability, the elimination of the employee's position or reduction-in-force
  - Scheduled Payments:**
    - The interest rate of the Affordable Second must not be more than 2% higher than the interest rate of the First Lien Mortgage. Interest accruals, which are added to principal, may not increase the TLTV ratio beyond the maximum TLTV ratio allowed for the First Lien Mortgage at any time during the term of the First Lien Mortgage.
    - If monthly payments on the Affordable Second are required and begin before the 61st monthly payment under the First Lien Mortgage, such monthly payments must be included in the Borrower's monthly housing expense-to-income ratio and monthly debt payment-to-income ratio. If monthly payments on the Affordable Second begin on or after the 61st monthly payment under the First Lien Mortgage or if repayment of the entire Affordable Second amount is due only upon sale or default, the amount of the Affordable Second monthly payment may be excluded from both ratios.
  - Participation in Appreciation:** When the terms of an Affordable Second permit the Agency to share in the appreciation of the Mortgaged Premises, the following requirements must be met:
    - At the time of origination of the Affordable Second, the Agency's share of appreciation, as a percentage, must not exceed the principal amount of the Affordable Second divided by the value of the Subject property on the Note Date, except as stated below. For example, if the Affordable Second amount is five percent (5%) of value, the maximum appreciation share is five percent (5%).
    - The terms of the Affordable Second may permit the provider a share of appreciation exceeding the percentage of the Affordable Second if all of the following requirements are met:
      - The Agency must not charge interest on the Affordable Second
      - The Agency's share of appreciation must not exceed 75%
      - The Agency's share of appreciation must be reduced to a percentage of the Affordable Second, or below, within the first five (5) years
      - The terms of the Affordable Second must allow the Borrower to recover all of the following before the Agency is able to share in the appreciation:
        - The down payment paid from Borrower funds
        - Customary costs incurred by the Borrower for selling the property
        - Costs for improvements to the property that were allowed by the Agency or under the Agency's program
        - The payment of principal of the First Lien Mortgage

### Credit Reputation

#### Establishing Borrower credit reputation through Loan Product Advisor®

#### » **Borrowers with usable Credit Scores**

For Accept Mortgages Loan Product Advisor has determined that a Borrower's credit reputation is acceptable

#### » **Borrowers without usable Credit Scores**

#### For Accept Mortgages where not all Borrowers have a usable Credit Score:

The following requirements apply. All of the following requirements must be met in order for Loan Product Advisor to assess transactions when not all Borrowers have a usable Credit Score:

- The transaction is a purchase or "no cash-out" refinance Mortgage
- The Mortgage is secured by a 1-unit property and all Borrowers occupy the property as their Primary Residence
- If the borrower without a usable credit score contributes 50% or more of the total monthly income, then each borrower without a usable credit score must have at least two payment references in the United States comprised of Noncredit Payment Reference and/or tradelines not appearing on the credit report. If two or more borrowers have the same payment reference, then the reference may count for each of those borrowers.
  - Each payment reference must be for at least the most recent 12 months.
  - At least one borrower must have a housing payment history as one of the payment references
    - In the event more than one borrower has a housing payment history, then all such housing payment histories for the most recent 12 months (or length of housing payment history if less than 12 months) must be verified
    - All housing payment histories must have no 30-day or greater delinquencies in the most recent 12 months
  - For all payment references other than housing, only one payment reference may have one 30-day delinquency and no 60-day or greater delinquencies in the most recent 12 months; all other payment references must have no 30-day or greater delinquencies in the most recent 12 months
  - Each payment reference must:
    - Meet the requirements for written verifications in Guide Section 5102.3
    - Meet the age of documentation requirements in Guide Section 5102.4, and
    - Be documented in accordance with Guide Section 5202.2(b)

## Monthly Debt Payment-to-Income Ratio

- » The Borrower's liabilities must be reflected on the mortgage application and considered when qualifying the Borrower. All of the Borrower's debts incurred through the Note Date must be considered when qualifying the Borrower. Documentation of all monthly payment amounts for the following liabilities must be included in the Mortgage file, and the monthly payment amount must be included in the debt payment-to-income ratio:
- Monthly housing expense
  - Payments on all installment debts with more than ten (10) months of payments remaining, including debts that are in a period of either deferment or forbearance. For installment debts being omitted from the DTI ratio due to ten (10) or fewer months of payments remaining, the information on the credit report or other Mortgage file documentation must show there are 10 or fewer months of payments remaining. If the installment agreement is for the payment of past-due federal taxes, REMN must also document:
    - A copy of the installment agreement approved by the IRS verifying the payment terms, including the monthly payment amount and balance
    - Verification that the borrower is not past due under the terms of the installment agreement
    - That the IRS has not filed a Notice of Federal Tax Lien for the taxes owed under the installment agreement.
    - **Note:** If the installment agreement is pending approval with the IRS, the following requirements must be met:
      - The application for the installment agreement reflecting the amount of taxes owed and requested payment terms must be documented in the mortgage file,
      - The greater of the monthly payment amount requested by the borrower or the amount of taxes owed divided by 72 must be included in the borrower's debt payment-to-income ratio, and
      - There must be no indication, and REMN must have no knowledge, that the IRS has filed a Notice of Federal Tax Lien for the taxes owed by the borrower.
  - Timeshare loans are considered installment debts, regardless of how they are reported on the Borrower's credit report. Maintenance fees associated with timeshares are not required to be included in the monthly debt payment-to-income ratio.
  - Alimony, child support or maintenance payments with more than ten (10) months of payments remaining
    - The monthly payment amount must be documented in the Mortgage file with a copy of the signed court order, legally binding separation agreement and/or final divorce decree or equivalent documentation
    - For payments being omitted from the DTI ratio due to ten (10) or fewer months payments remaining, the Mortgage file documentation must show there are 10 or fewer months of payments remaining
  - Monthly payments on revolving or open-end accounts, regardless of the balance. In the absence of a monthly payment on the credit report or direct verification, five percent (5%) of the outstanding balance will be considered to be the required monthly payment. Monthly payments on open-end accounts (accounts which require the balance to be paid in full monthly) are not required to be included in the monthly debt payment if the Borrower has sufficient verified funds to pay off the outstanding account balance. The funds must be in addition to any funds required for down payment, Closing Costs, Financing Costs, Prepays/Escrows or reserves, as applicable.
  - Car lease payments, regardless of the number of payments remaining
  - Aggregate net rental loss from all Investment Properties owned
  - Monthly payment amounts for other properties, including principal and interest on the First Lien and any secondary financing (including a HELOC, as stated below), bridge loan payment, taxes and insurance (e.g., hazard and flood insurance premiums) and, when applicable, mortgage insurance premiums, leasehold payments, homeowners' association dues and special assessments with more than ten (10) monthly payments remaining.

## INCOME & EMPLOYMENT

<p><b>Employment History Requirements – Secondary Employment</b></p>	<p>» In most instances, the borrower should have at least a two (2) year history of secondary employment for the employment to be considered stable. Under certain circumstances, when a borrower has less than a two (2) year secondary employment history but has at least a twelve (12) month history, REMN may be able to justify and determine the employment is stable. Examples that may support less than a 2yr history of secondary employment include, but are not limited to, the following:</p> <ul style="list-style-type: none"> <li>– The borrower previously held a job with base non-fluctuating earnings working 40 hours per week for multiple years; however, due to reasons such as position elimination, work force reduction, or illness, the borrower is no longer employed at this job and is now working at multiple part-time jobs that are similar in hours and pay, when combined, to the previous full-time job. Since the borrower’s full-time employment ended 18 months ago, the length of employment at each part-time job is in the range of 13 to 15 months. In this scenario, REMN must be able to justify an employment history of less than two (2) years for the secondary and additional jobs provided the earnings are consistent and the borrower has exhibited the ability to repay obligations.</li> <li>– The borrower is employed in the educational system as a teacher. During the previous summer, the borrower taught summer school within the same educational system and is now starting summer school teaching for the current year. Although the two (2) year history is not yet fully developed, given the job type and current employment situation, REMN may be able to justify including the summer school income provided an accurate qualifying amount can be established and documented based on the previous and current earnings. Additional documentation to determine the stable monthly income may be appropriate (e.g., how many classes, how much, is it similar to prior year?)</li> </ul>	
<p><b>Earning Types – Requirements and Guidance</b></p>	<p>» The following requirements and guidance apply to all primary and secondary employed income and all applicable employment characteristics including, but not limited to, full-time, part-time and seasonal employment</p>

	<p><b>Base Non-Fluctuating Employment Earnings</b></p>	<p>» For the purpose of determining stable monthly income, base non-fluctuating employment earnings are considered to be earnings with a pre-determined and agreed upon rate of pay and number of hours worked each pay period.</p> <ul style="list-style-type: none"> <li>– The pay rate and number of hours worked must be reflected on an ongoing consistent basis for each pay period and be fully supported by the year-to-date income. In addition, if the annual salary is reported on the income verification documentation, that may be considered additional confirmation of base non-fluctuating earnings.</li> <li>– Base non-fluctuating earnings may include both exempt (salaried) and non-exempt earnings; however, the pay rate and number of hours worked must not fluctuate between pay periods</li> <li>– Base non-fluctuating earnings may include military base (basic) pay. For members of the United States Armed Forces, active-duty pay is considered base non-fluctuating earnings.</li> <li>– Base non-fluctuating earnings may include part-time earnings, provided the number of hours worked each pay period are pre-determined and the same, as outlined above</li> </ul> <p>» Base non-fluctuating earnings do not include additional employed income (e.g., bonus, overtime, tips). Refer to Additional Employed Income section for guidance pertaining to additional employed income.</p>

<b>Earning Types – Requirements and Guidance (Cont’d)</b>	<b>Fluctuating Hourly Employment Earnings</b>	<ul style="list-style-type: none"> <li>» For the purpose of determining stable monthly income, fluctuating hourly employment earnings are considered to be employment earnings with hours that may fluctuate each week or pay period. The hours are not pre-determined; however, the employer and the borrower may have a general expectation of weekly hours. The hourly pay rate is a pre-determined and agreed-upon fixed amount.                             <ul style="list-style-type: none"> <li>– Fluctuating hourly earnings may be determined by a review of the year-to-date (YTD) income verification documentation with analysis focused on hours per pay period and YTD earnings in relation to hours worked</li> <li>– Fluctuating hourly earnings are not considered base or salaried earnings.</li> <li>– Fluctuating hourly employment earnings are typically representative of non-exempt earnings</li> </ul> </li> <li>» Fluctuating hourly earnings do not include additional employed income (e.g., bonus, overtime, tips). Employment Characteristics	» For all employment characteristics below, REMN must determine whether the employment represents primary or secondary employment and use the applicable requirements for history, continuance, earnings type, documentation and calculation in this section and in conjunction with Freddie Mac Selling Guide chapters 5301 and 5302, unless specifically stated otherwise. For certain employment characteristics, additional documentation and/or analysis may be needed, as described below.		
	Employment Characteristics	Additional Requirements	
	Full-Time and Part-Time Employment	Full-time and part-time employment may be either primary or secondary employment, and may be comprised of base non-fluctuating earnings, fluctuating hourly earnings and/or additional employed income	None
	Seasonal Employment	Seasonal employment may be primary employment (e.g., highway construction and road work in colder regions) or secondary employment (e.g., educators teaching summer school). The borrower's earnings may be comprised of base non-fluctuating earnings, fluctuating hourly earnings, and/or additional employed income.	When unemployment income associated with the seasonal employment is being used as stable monthly income: <ul style="list-style-type: none"> <li>- A documented two (2) year history of seasonal employment and income receipt is required, and</li> <li>- The requirements for unemployment income associated with seasonal employment in Freddie Selling Guide Section 5303.3 must be met</li> </ul>
Union Members	<ul style="list-style-type: none"> <li>» Certain union members may work in industries where they may switch employers frequently and the union facilitates the next position. In that case, the borrower may have multiple YTD paystubs and W-2's, all of which can be used for the verification and calculation of stable monthly income. The borrower's earnings may be comprised of base non-fluctuating earnings, fluctuating hourly earnings and/or additional employed income.</li> <li>» A borrower may exhibit a stable and consistent employment and income history, regardless of the number of employers</li> <li>» The borrower may be in between employers at the time of closing. If REMN determines that the borrower's employment and income history is stable, and it is documented that the borrower has multiple jobs as described above, it may be acceptable to obtain the (PCV) through the union. REMN must make this determination based on a review of all employment and income characteristics.</li> </ul>	<p>None*</p> <p>*Except for union members who are employed through the union/union hall (i.e. contract employee, tradesmen) and/or receive variable sources of income from assigned union jobs. In such cases, additional verification may be required to evidence stability of employment/income (i.e. two years' federal income tax returns). See <a href="#">Determining the Need for Federal Income Tax Returns</a> topic for further reference.</p>

## INCOME & EMPLOYMENT

Additional Employed Income	General Overview	A borrower may receive additional income from employment such as commission, bonus and overtime pay. Generally, additional employed income is received in connection with the primary or secondary employment; however, there are instances where the income is received through separate sources, such as the military reserve or National Guard. If REMN includes additional employed income to qualify the borrower, REMN must determine that the amount of income used to qualify the Borrower is stable and complies with the requirements below for each income type. All income must be either expected to continue or have documented continuance for at least three (3) years as defined in the specific income types.
	Income History and Stability – Requirements and Guidance	Many additional employed income types are fluctuating income. The stability of fluctuating income is determined based primarily upon historical earnings, so it is imperative that a sufficient income history has been established. For this reason, most income types that fluctuate have a history requirement of two (2) years. In certain instances, a shorter history may still be considered stable if REMN provides a written analysis and sufficient supporting documentation justifying the determination of stability. When making this determination, REMN must take into consideration factors such as income and/or employment characteristics and the overall layering of risk factors, including the borrower’s demonstrated ability to repay obligations. In no event may the history be less than twelve (12) months.
	Earnings Types for Additional Employed Income	<ul style="list-style-type: none"> <li>» <b>Fixed Earnings</b> <ul style="list-style-type: none"> <li>– For the purposes of determining stable monthly income, fixed additional employed income earnings are considered to be earnings that are based on a pre-determined/agreed-upon fixed amount of pay that is fully-documented, such as an automobile allowance, mortgage differential or military entitlement(s).</li> </ul> </li> <li>» <b>Fluctuating Earnings</b> <ul style="list-style-type: none"> <li>– For the purposes of determining stable monthly income, fluctuating additional employed income earnings are considered to be earnings that fluctuate on a regular basis, often based on factors such as hours worked, job type and performance. Fluctuating earnings may include, but are not limited to, income types such as commissions, overtime, bonus, tips, Reserve and National Guard, and unemployment compensation associated with seasonal employment.</li> </ul> </li> </ul>

<b>Employed Income Calculation – Base Non-Fluctuating Employment Earnings</b>	<ul style="list-style-type: none"> <li>» Base non-fluctuating earnings may include both exempt (salaried) and non-exempt earnings; however, the pay rate and number of hours worked must not fluctuate between pay periods. The income documentation must support base non-fluctuating earnings. Refer to Earning Types – Requirements and Guidance section for additional information about base non-fluctuating earning types.</li> <li>» The following chart describes the calculation methods for base non-fluctuating employment earnings, taking into consideration the typical pay periods of weekly, bi-weekly, semi-monthly, and monthly.</li> </ul>	
	<b>CALCULATION OF BASE NON-FLUCTUATING EMPLOYMENT EARNINGS</b>	
	<b>Pay Period Type</b>	<b>Calculation</b>
	<b>Weekly</b>	Multiply the base non-fluctuating weekly gross pay by 52 pay periods and divide by 12 months
	<b>Bi-Weekly</b>	Multiply the base non-fluctuating bi-weekly gross pay by 26 pay periods and divide by 12 months
	<b>Semi-Monthly</b>	Multiply the base non-fluctuating semi-monthly gross pay by 24 pay periods and divide by 12 months
<b>Monthly</b> <b>Annual Base Non-Fluctuating Salary Paid Out Over Less Than 12 Months per Year</b>	Use the base non-fluctuating monthly gross pay  For some borrowers, such as certain employees in the education field, the annual base non-fluctuating salary may be paid over a time period of less than twelve (12) months. For example, if the annual base non-fluctuating salary is paid out over ten (10) months of the year, multiply the monthly base salary by 10 months and divide by 12.	
<b>Employed Income Calculation – Fluctuating Employment Earnings</b>	<ul style="list-style-type: none"> <li>» These requirements apply to all employed income that fluctuates</li> <li>» Refer to Earning Types – Requirements and Guidance section for information about fluctuating hourly earnings, as well as Additional Employed Income section for information about other types of additional employed fluctuating income (e.g., bonus, overtime)</li> </ul>	
	<b>Subject</b>	<b>Requirements and Guidance</b>
	<b>Analysis of Income Fluctuation and Stability</b>	<ul style="list-style-type: none"> <li>» The foundation to the appropriate analysis and determination of income stability when evaluating fluctuating earnings is documenting and verifying an adequate length of historical earnings. In addition, the degree of volatility present within the income and/or irregularity of the income must be analyzed. REMN must evaluate the income trend and use the amount that is most likely to continue for the next three (3) years.</li> <li>» REMN must review all year-to-date (YTD) earnings and compare those earnings with the earnings from the last one or two years, depending upon the documentation requirements. If a significant degree of volatility or irregularity is present (e.g., year over year, quarter over quarter), additional analysis is required, and additional documentation may be necessary to determine income stability. The analysis and documentation must support the amount of income used to qualify the borrower.</li> </ul>
	<b>Declining Income Trends</b>	<ul style="list-style-type: none"> <li>» If the analysis of the income shows a declining trend, the underwriter must conduct further analysis (e.g., reason for the declining trend, documentation showing current income has stabilized) to determine whether the income is currently stable and can be used for qualification purposes. The written analysis must justify that the income is likely to continue at the level used for qualifying.</li> <li>» If the underwriter determines that the income is stable, the lower amount of the income must be used. REMN cannot average the borrower’s income using a previous higher level unless there is documentation of a one-time occurrence (e.g., injury) that prevented the borrower from working or earning full income for a period of time and evidence that the borrower is back to the income amount that was previously earned.</li> </ul>

- This is required in all cases where the self-employment income and/or loss is used to determine the borrower's stable monthly income for qualifying.

» **Borrowers With Business Ownership Interest <25%**

- For borrowers who hold a business ownership interest(s) of less than 25% and receive ordinary income or guaranteed payments reported on an IRS Schedule K-1 for Partnerships and S-Corporations, REMN may apply the standard requirements and guidance for self-employed income OR utilize the following requirements:
  - o The mortgage file must include:
    - Schedule K-1(s) for the most recent two calendar years
    - Year-to-Date (YTD) income documentation, exception when this information is not attainable and REMN is able to document and justify the income stability without this information.
  - o The borrower should not have an ownership interest of 25% or more in any business
  - o A two-year history of receipt is required. However, in certain circumstances, a shorter history of no less than 12 months may be considered stable if REMN provides a written analysis and sufficient supporting documentation.
  - o Historical cash distributions must be reasonably consistent with the ordinary business income
- » Verification of current existence of business in accordance with standard self-employment guidance must be included.

<b>Business Income and Analysis (cont'd)</b>	<p><b><u>Use of Business Income Reported on the Borrower's Federal Individual Tax Returns</u></b></p> <ul style="list-style-type: none"> <li>» For sole proprietorships, stable monthly income must be based on the income reported on Schedule C of the borrower's federal individual income tax returns                             <ul style="list-style-type: none"> <li>– For Meal &amp; Entertainment Exclusion, the additional 50% (that is not tax deductible) is included in the borrower's income calculation &amp; further reduces the borrower's income</li> </ul> </li> <li>» For Partnerships and S-Corporations, stable monthly income may be based on the borrower's proportionate share of income (e.g., ordinary income, guaranteed payments) carried from the Form 1065 or 1120S, through the Schedule K-1 and onto the borrower's federal individual income tax returns. Although cash distributions reported on the Schedule K-1 may not be used as qualifying income, they may be used to establish business liquidity and access to business funds, provided they are reasonably consistent with the ordinary income.</li> <li>» For S-Corporations and corporations, stable monthly income may be based on the income reported on the borrower's W-2 from the business. The corporate tax returns and Form 1125-E if applicable, must be reviewed for confirmation of the borrower's W-2 income from the business.</li> </ul>
	<p><b><u>Use of Business Income Not Reported on the Borrower's Individual Tax Returns</u></b></p> <ul style="list-style-type: none"> <li>» Income reported on the business tax returns but not on the personal tax returns may be considered as stable monthly income, provided the underwriter's analysis confirms that based on the financial strength of the business, the use of these funds as personal income would not have a detrimental impact on the business.</li> </ul>

	<p><b><u>Income Calculation</u></b></p> <ul style="list-style-type: none"> <li>» The calculation of a self-employed borrower's average monthly income must be based on a review of the borrower's completed federal individual income tax returns (Form 1040), including W-2's and Schedule K-1's (if applicable) and the borrower's complete federal income tax returns for the business (Forms 1120, 1120 S, and 1065), when applicable.</li> <li>» The underwriter must analyze the tax returns and provide a written analysis of the borrower's self-employed income from Form 91, Income Analysis Form, or an alternative form that provides the same information.</li> </ul>
	<p><b><u>Income Fluctuation</u></b></p> <ul style="list-style-type: none"> <li>» As part of the analysis, REMN must consider whether the Borrower's self-employed income has increased or decreased over the previous two (2) years when the analysis includes a review of documentation covering a history greater than one (1) year.</li> <li>» If the analysis reflects that the borrower's income has significantly increased or decreased, REMN must provide sufficient documentation and justification to support the determination that the income used to qualify the borrower is stable and likely to continue for the next three (3) years.</li> <li>» It may be necessary to obtain additional years' tax returns when the borrower's self-employment income fluctuates in order to determine the stability of the income.</li> </ul>

Certain rules may provide support for the frequency and regularity of receipt as well as continued receipt, thereby enabling a lesser amount of history to justify a stable monthly qualifying income amount.</li> </ul> <p><i>(Continued on next page)</i></p>	<ul style="list-style-type: none"> <li>» Copy of most recent retirement account statement(s), documentation from financial institution holding retirement account that verifies regularly scheduled distribution arrangements, 1099(s) and/or other equivalent documentation showing income source, type, distribution frequency, distribution amounts and history of receipt (as applicable), <b>AND</b></li> <li>» Copy of bank statement(s) or other equivalent documentation evidencing current receipt (as applicable), <b>AND</b></li> <li>» Evidence of sufficient assets to support the qualifying income</li> </ul> <p>If the retirement distributions are not scheduled monthly payments (e.g., annual, semi-annual, quarterly), the most recent distribution verified through a copy of the retirement account statement, 1099 and/or other equivalent documentation, as applicable, is sufficient in lieu of a current receipt; however, verification of receipt of multiple distributions may be necessary to determine frequency of distributions, history of receipt and amount of stable monthly qualifying income.</p>

## Rental Income

Stable monthly rental income must be generated from acceptable and verifiable sources and must be reasonably expected to continue for at least the next three years. For each income source used to qualify the Borrower, REMN must determine that both the source and the amount of the income are stable.

### Rental Income Eligibility:

Rental income generated from the following property and occupancy types may be considered when determining the stable monthly income:

- 1-unit Primary Residence
  - o Rental income is eligible from a live-in aide
  - o Rental income from an ADU
- Subject 2- to 4-unit Primary Residence (rental income is eligible from units that are not occupied by the Borrower)
- Subject 1- to 4-unit Investment Property
- Non-subject investment property owned by the Borrower (Not restricted to residential property. Example: commercial permitted)

### Accessory Units:

When determining stable monthly income, if all rental income requirements are met, rental income generated from an accessory unit may be considered for:

- Subject 1-Unit Primary Residence
- Subject 1-unit Investment Property
- Non-subject investment property

### Second Homes:

Rental income generated from the Borrower's second home may not be used as stable monthly income.

### Rental income from the Borrower's 1-unit Primary Residence:

#### Rental Income from a Live-In Aid Requirements

<b>Eligibility</b>	Rental income generated from the Borrower's 1-unit Primary Residence, including rental income from an accessory unit, may be used to qualify a Borrower with a disability provided the rental income is from a live-in aide. Typically, a live-in aide will receive room and board payments through Medicaid waiver funds from which rental payments are made to the Borrower.
<b>Documentation</b>	Evidence that the Borrower has received stable rental income from a live-in aide for the most recent 12 months
<b>Qualification</b>	The rental income may be considered in an amount up to 30% of the total stable monthly income that is used to qualify the Borrower for the Mortgage

#### Rental Income from an ADU Requirements

<b>Eligibility</b>	The mortgage must be a purchase or "no cash-out" refinance transaction.
<b>Documentation</b>	<p><b>Purchase Transactions</b></p> <p>The Seller must make reasonable efforts to determine lease availability, including review of the appraisal, comparable rent data, purchase contract, a discussion with the Borrower and/or any other applicable and reasonable method.</p> <p><u>If a lease is available, then:</u></p> <p>The lease must be used to determine the net rental income and ADU rental analysis must support the income reflected on the lease.</p> <p><u>If a lease is not available,</u></p> <p>The ADU rental analysis must be used to determine the net rental income.</p> <p><b>"No Cash-Out" Refinance Transactions</b></p> <ul style="list-style-type: none"> <li>- The borrower's completed federal income tax returns (IRS Form 1040), including Schedule E, for the most recent year must be used to determine the net rental income, except as stated below.</li> <li>- A lease and ADU rental analysis, as described in Additional Appraisal Requirements below, may be used if the ADU rental analysis supports the rental income reflected on the lease and one of the following are met:                     <ul style="list-style-type: none"> <li>• The property was out of service for any time period in the prior year and the mortgage file contains a documented event such as a renovation and the</li> </ul> </li> </ul>

<b>Minimum Borrower Contribution</b>	For a purchase transaction mortgage, the borrower must make a minimum contribution from the borrower's personal funds when specifically required, as summarized below:		
	<b>Minimum Contribution from Borrower Personal Funds</b>		
	<b>Mortgage Type</b>	<b>LTV/TLTV/HTLTV ≤ 80%</b>	<b>LTV/TLTV/HTLTV &gt; 80%</b>
	1 Unit Primary Residence	None	
	2-4 Unit Primary Residence	None	N/A
	1 Unit Second Home	None	5% of value, when gift funds or grants are used for the transaction
	1-4 Unit Investment Property	All funds used for the transaction must be Borrower's personal funds	
	» For loan transactions with a Non-Occupant Co-Borrower, including LTV/CLTV's > 80%, Borrower funds (down payment and post-closing reserves) may come from the occupant borrower and/or the non-occupant co-borrower.		
<b>Use of Real Estate Commission for Subject Property</b>	» If the borrower is a licensed realtor who will earn a commission on the subject property, the funds are considered acceptable to be used at time of settlement for down payment and/or closing costs.		
<b>Eligible Asset Types and Documentation Requirements for Borrower Personal Funds</b>	» Asset types that are considered Borrower personal funds and the applicable documentation requirements are described in the chart below. The eligibility and documentation requirements apply to all funds used to qualify the borrower for the mortgage transaction, including reserves. Any limitations on the use of an asset type are specified in the chart.		
	» All accounts held in financial institutions must be owned by the borrower and the borrower must have access to the funds. Funds in accounts that are owned jointly by the borrower and a non-borrower are considered borrower personal funds. Accounts held in the name of a Living Trust are considered to be owned by the Borrower when the Borrower is the settlor of the Living Trust.		
	» For Loan Product Advisor (LPA) mortgages, the documentation level shown on the Feedback Certificate indicates the minimum level of documentation acceptable for a LPA mortgage.		
	» <b>NOTE:</b> On an exception basis only, REMN Operations and/or UW Manager may approve the use of a completed Verification of Deposit (VOD) in lieu of bank statements as described below. This VOD is only allowed in cases where the bank statements have not yet been received. If bank statements have been received, the exception allowance for the VOD is NOT available.

## APPRAISAL, PROPERTY, SALES CONTRACT

### Automated Collateral Evaluation / Property Data Report

- » For certain Loan Product Advisor (LPA) mortgages, the automated collateral evaluation (ACE) and property data report (ACE+ PDR) provide the option to accept an appraisal waiver and originate the mortgage without an appraisal. To qualify for an ACE or ACE+ PDR appraisal waiver the loan must receive LPA Risk Classification of ACCEPT.
- » When the appraisal waiver option is accepted, the estimated value submitted by REMN will be accepted for the purposes of underwriting the Mortgage, and will not exercise its remedies, including the issuance of repurchase requests in connection with a breach of REMN's selling representations and warranties related to value, condition and marketability of the Mortgage premises.

#### Process for Qualifying for and Accepting the Appraisal Waiver Offer

- » For a Mortgage to qualify for an appraisal waiver:
  - REMN must submit the Mortgage to Loan Product Advisor (LPA) and receive a Risk Class of Accept.
  - Upon evaluation by LPA, the Last Feedback Certificate must indicate that the Mortgage is eligible for collateral representation and warranty relief with an appraisal waiver (this represents the "offer"); and
  - The final submission of the Mortgage to the Selling System must indicate the collateral representation and warranty relief status is "Y" or "Yes".
- » For Mortgages that receive the appraisal waiver offer, in order to accept the offer, REMN must deliver the Mortgage with the ULDD Data Points.

#### Eligible Mortgages

- » The following requirements must be met for Mortgages to be eligible to receive an appraisal waiver offer:
  - The Mortgage must be secured by a 1-unit dwelling, including a Condominium Unit.
  - The Mortgage must be secured by a Primary Residence or Second Home
  - The Mortgage must comply with the following max LTV/TLTV ratio requirements:

Mortgage Purpose	Property Type	Maximum LTV/TLTV Ratios
Purchase (ACE or ACE+ PDR)	Primary Residence or Second Home	80%
No Cash-Out Refinance (ACE or ACE+ PDR)	Primary Residence or Second Home	90%
Cash-Out Refinance (ACE or ACE+ PDR)	Primary Residence	70%
	Second Home	60%

#### Ineligible Mortgages

- » The following Mortgages are NOT eligible for an ACE or ACE+ PDR appraisal waiver:
  - Mortgages for which an appraisal has been obtained in connection with the Mortgage
  - Texas Equity Section 50(a)(6) Mortgages (a/k/a Texas Cash-Out)
  - Mortgages supplied by one of the following:
    - A Manufactured Home, or
    - A leasehold estate
  - Mortgages secured by Mortgaged Premises subject to resale restrictions, excluding those subject to age-based resale restrictions.
  - Seller Owned Modified Mortgages that are HomePossible Mortgages
  - Mortgages that use rental income generated from an ADU on a 1-Unit Primary Residences for qualification purposes
  - Construction Conversion and Renovation Mortgages
  - Community Land Trust Mortgages
  - Mortgages with an estimate of value or purchase price greater than \$1,000,000
  - Mortgages supplied by one of the following:
    - Investment Properties
    - 2-4 Unit Properties
  - Freddie Mac Enhanced Relief Refinance Mortgages
  - Non-arm's length transactions
  - Purchases of REO properties (as identified in the sales contract)
- » In addition, the appraisal waiver is not acceptable if any of the following apply:
  - An appraisal is required to be obtained by law or regulation
  - REMN is aware of conditions it believes warrant an appraisal being obtained. Examples include, but are not limited to:
    - A contaminated site or hazardous substance exists affecting the property or the neighborhood in which the property is located
    - Adverse physical property conditions that are apparent based on the review of the sales contract, property inspection, disclosure from the borrower, etc.

NOTE: REMN must disclose to the borrower any information that they are aware of that may adversely affect the market value, condition or marketability of the subject property. This includes but is not limited to that presence of any contaminated site, hazardous substance or other adverse conditions affecting the subject property or neighborhood.

#### Maintaining Appraisal Waiver Eligibility

- » The appraisal waiver offer (ACE or ACE+ PDR) is valid for 120 days. If the offer is more than 120 days old on the Note Date, a resubmission to Loan Product Advisor (LPA) is required to determine ongoing appraisal waiver eligibility.
  - For ACE+ PDRs, if the settlement date is more than 120 days after the Note Date, Sellers must warrant the value of the subject property on the Settlement Date is not less than the estimated value used when underwriting the Mortgage in Loan Product Advisor.
- » Note: If the loan date is changed (e.g. address of the property, loan amount, purchase price, estimate of value, loan type, property type, occupancy of the property) in a subsequent submission, the original offer will be invalidated and Loan Product Advisor (LPA) may provide a different appraisal waiver eligibility determination.

## **Exhibits Required for the ACE+ PDR**

- » The following exhibits are required for a PDR:
  - A floor plan with dimensions and calculations reflecting the gross living area of the subject property that includes interior walls and representation of any functional obsolescence
  - Photographs of the subject property containing the following:
    - A front view of the subject property
    - A rear view of the subject property
    - A view of the sides of the subject property not wholly visible in the front or rear photographs
    - A street scene (both directions) identifying the location of the subject property and neighboring improvements
    - All interior rooms of the subject property including, but not limited to, foyer, kitchen, living room, bedroom(s), bathroom(s), utility room, laundry room, basement (finished and unfinished areas), attic area accessed via a permanent staircase (finished and unfinished areas), etc.
    - Interior and exterior of any significant (permanently affixed) outbuildings on the subject site, including an accessory dwelling unit (not required for small sheds)
    - Any physical deterioration, improvements, amenities and any observed issues or external influences

## **ACE+ PDRs with Required Repairs and/or Inspections**

- » The PDR contains a data set that REMN must review to determine if the subject property meets Freddie Mac’s eligibility requirements. The property data collector must also specify when the subject property has any required “repairs or alterations” or will require an “inspection” by a trained professional when the property data collector cannot make the determination if repairs are needed. Sellers are reminded that when the condition of the subject property meets the definition for condition rating C5 or C6 or the quality of the subject property meets the definition for quality rating Q6, the Mortgage is not eligible for delivery to Freddie Mac unless the deficiencies resulting in a C5, C6 or Q6 rating have been remedied prior to delivery.
- » For PDRs completed with required repairs or alterations, REMN must obtain a Completion Report, performed by a property data collector, that verifies the repairs or alterations have been completed. The Completion Report must:
  - Contain all the data points and certifications in the Completion Report data set (Addendum C) and the Completion Report certifications (Addendum D)
  - Include photographs of the completed repairs or alterations
  - Be dated before the Settlement Date, and
  - Be retained in the Mortgage file
- » For PDRs completed with an inspection required to identify if repairs are needed, a licensed professional trained in the particular field of concern (e.g., structural engineer, plumber, pest inspector, etc.) must perform the inspection of the property. The inspector must provide either:
  - A signed report that includes their license number, when available, stating the repair(s) is not required, or
  - A signed report or invoice that includes their licensing number, when available, stating the repair(s) has been completed and the issue corrected
  - The signed report or invoice must be:
    - Dated before the settlement date, and
    - Retained in the mortgage file

	<p><b>Projects In Need Of Critical Repair</b></p>	<ul style="list-style-type: none"><li>» Projects in need of critical repairs are those needing repairs or replacements that significantly impact the safety, soundness, structural integrity or habitability of the project's building(s), or the financial viability or marketability of the project. Such projects are ineligible. Critical repairs include conditions such as:<ul style="list-style-type: none"><li>– material deficiencies, which if left uncorrected, have the potential to result in or contribute to critical element or system failure within one year;</li><li>– any mold, water intrusions or potentially damaging leaks to the project's building(s);</li><li>– advanced physical deterioration;</li><li>– any project that failed to pass state, county, or other jurisdictional mandatory inspections or certifications specific to structural safety, soundness, and habitability; or</li><li>– any unfunded repairs costing more than \$10,000 per unit that should be undertaken within the next 12 months (does not include repairs made by the unit owner or repairs funded through a special assessment).</li></ul></li><li>» Examples of some items to consider include, but are not limited to, sea walls, elevators, waterproofing, stairwells, balconies, foundation, electrical systems, parking structures or other load-bearing structures.</li><li>» If damage or deferred maintenance is isolated to one or a few units and does not affect the overall safety, soundness, structural integrity, or habitability of the project, then these requirements do not apply.</li><li>» Routine repairs are not considered to be critical and include work that is:<ul style="list-style-type: none"><li>– preventative in nature or part of normal capital replacements (for example, focused on keeping the project fully functioning and serviceable); and</li><li>– accomplished within the project's normal operating budget or through special assessments that are within guidelines.</li></ul></li><li>» A project with an evacuation order due to an unsafe condition, either for a partial or total evacuation of the project's building(s), is ineligible until the unsafe condition has been remediated and the building(s) is deemed safe for occupancy.</li></ul> <p><b>Special Assessments</b></p> <ul style="list-style-type: none"><li>» Special assessments may be current or planned. ## Ineligible Condo Projects (Cont'd)

- » Project in which the unit owners do not possess sole ownership of the Common Elements
  - A project in which the unit owners are not the sole owners of, and do not have the right to the use of, the Common Elements, including all buildings, roads, parking, facilities and Amenities is not eligible as specified below.
  - A project with shared Amenities is eligible if two (2) or more HOA's share the Amenities (such as recreational or fitness facilities, swimming pools and clubhouses) for the sole use of the unit owners, and the HOA's have an agreement specifying:
    - A description of the shared Amenities and the terms of the unit owners' permitted use of the shared Amenities
    - How the shared Amenities will be funded, managed and maintained, and
    - The method for resolving disputes between the HOA's regarding the shared Amenities
  - The developer must not retain any ownership interest in the Common Elements, facilities and Amenities, except as unit owner. The Common Elements, including parking and Amenities, such as recreations facilities, must not be subject to a lease between the unit owners or the HOA (as lessee) and any other party (as lessor), with the exception of commercial leases for parking, or permit arrangements for parking, entered into with parties unrelated to the developer.
- » Project in litigation
  - A project in which: (i) the HOA is named as a party to pending litigation, or (ii) the project sponsor or developer is named as a party to pending litigation that relates to the safety, structural soundness, functional use or habitability of the project.
  - If REMN determines that the reason for the pending litigation involves minor matters that do not affect the safety, structural soundness, functional use or habitability of the project, the project is eligible if the litigation is limited to one of the following:
    - The litigation amount is known, the insurance company has committed to provide the defense and the litigation amount is covered by the insurance policy.
    - The litigation amount is unknown, REMN has documented the Mortgage file with a copy of the complaint, or the most recent amended complaint, and with an attorney letter that supports REMN's determination that the litigation involves minor matters. The attorney letter must state: (i) the reason for the litigation; (ii) that the insurance company has committed to provide the defense; and (iii) that any potential monetary judgment against the HOA, or settlement with the HOA, including punitive damages, will likely be covered by the HOA's insurance policy. If the attorney indicates the matter will not likely be covered by the HOA's insurance policy, then the project is ineligible; or
    - The matter involves:
      - A non-monetary neighbor dispute or right of quiet enjoyment, or
      - The HOA is the plaintiff in a foreclosure action or action for past-due HOA assessments, or
      - The HOA is the plaintiff in the litigation seeking reimbursement for expenditures made to repair the project's component(s) which may have included items that related to the safety, structural soundness, functional use or habitability of the project, the repair permanently resolved the defect or issue and the expenditures did not significantly impact the financial stability of future solvency of the HOA
    - The valid estimation of or known litigation amount is not expected to exceed 10% of the project's funded reserves, provided this does not violate the applicable jurisdiction's laws and regulations
  - REMN must retain documentation to support its analysis that the reason for the dispute meet's Freddie Mac's requirements for minor matters as described above.
- » Project with excessive single investor concentration
  - Any project in which an individual or a single entity such as an investor group, partnership or corporation owns more than the following total number of units in the project:

Number of Units in the Project	Total Number of Units Owned by Individual or Single Entity
5 to 20	Two
21 or more	25%

  - For purchase transactions, a project with single investor concentration greater than specified above will be eligible provided:
    - The purchase transaction will result in a reduction of the single investor concentration
    - The single investor must not own more than 49% of the units in the project
    - The Seller obtains evidence that the single investor is marketing units for sale with the goal to decrease the single investor concentration to 25% or less of the units in the project
    - The single investor is current on all HOA assessments, and
    - There are no planned or current special assessments in the project
  - The following may be excluded from the single investor concentration calculation:
    - Vacant units being actively marketed by the developer. Any units leased by the developer must be included in the calculation of the developer's percentage of ownership.
    - Units that a non-profit entity controls or owns for the purpose of providing affordable housing
    - Units held in affordable housing programs (including units subject to non-eviction rent regulation codes), and
    - Units retained for workforce housing by higher-education institutions
- » Manufactured Homes – Condominium projects that contain manufactured homes are ineligible, except when they comply with the [established condominium project](#) requirements.
- » Project with mandatory dues or similar membership fees for use of Amenities such as clubhouses or recreational facilities
  - Projects with mandatory dues or similar membership fees, including initiation or joining fees, which allow for the use of Amenities such as clubhouses or recreational facilities are ineligible unless the HOA and/or Master Association solely own the Amenities and Condominium unit owners within the HOA or Master Association are the only persons or entities eligible for membership. Full rights and privileges to the use of these Amenities are the primary benefit of membership.

## APPRAISAL, PROPERTY, SALES CONTRACT

### Property with an Accessory Unit

Freddie Mac will purchase an eligible Mortgage on a 1-3 unit property that has an accessory unit. An accessory unit is an additional living area that includes at least a kitchen, a bathroom, and a separate entrance and is independent with no interior access to primary dwelling unit. To be eligible, the accessory unit must be subordinate in living area and contribute less to the value of the property than the primary dwelling unit. Examples of eligible accessory unit configurations include a dwelling with a unit above a garage, a dwelling with an attached or detached unit or a dwelling with a unit in the basement.

A Mortgage may be eligible if the accessory unit is either legal, legal nonconforming or illegal based on the unit's compliance with the zoning and land use requirements. The appraiser must identify whether the property is a 1-unit property with an accessory unit or a 2-unit property and report the appraisal on the appropriate report form. The primary factor that differentiates a 2-unit property from a 1-unit property with an accessory unit is the zoning and land use requirements. The appraiser must consider all property characteristics, specifically the unit's utility and the property's highest and best use, when making this determination. The appraisal report must include a description of the accessory unit and reflect any effect the accessory unit has on the market value or marketability of the subject property. A Mortgage secured by a 4-unit property with one or more accessory units is not eligible for purchase by Freddie Mac. See [Rental Income](#) Section for guidelines for using rental income from an ADU.

**\*Refer to the [Freddie Mac ADU FAQ](#) for more information\***

#### **Comparable Requirements for Properties with Legal or Legal Non-Conforming Zoning Compliance or Locations Without Zoning**

- » If the subject property accessory unit complies with the zoning and land use requirements (legal or legal non-conforming or locations without zoning), the appraisal report must include:
  - At least one comparable sale with an accessory unit, when available, to demonstrate the property's conformity and marketability to its market area. If a recent comparable sale with an accessory unit is not available in the subject neighborhood, the appraiser can use an older sale with an accessory unit from the subject neighborhood or a sale with an accessory unit from a competing neighborhood as a comparable sale or as supporting market data. The appraiser may always use more than three comparable sales, including contract sales (pending sales) and/or current listings, to justify and support his or her opinion of market value, as long as at least three are actual closed (settled) sales.
  - If a comparable sale with an accessory unit is not available, the appraiser can use a comparable sale in the subject neighborhood without an accessory unit as long as the appraiser can justify and support such use in the appraisal report. Freddie Mac will purchase eligible Mortgages secured by a property with an accessory unit if the appraiser can develop an accurate opinion of market value for the property.

#### **Comparable Requirements for Properties with Illegal Zoning Compliance**

- » If the subject property accessory unit does not comply with the zoning and land use requirements (illegal zoning), the Mortgage is eligible if:
  - The "Site" section of the appraisal report indicates that the accessory unit does not comply with zoning and land use requirements
  - At least two comparable sales with an accessory unit must be included in the appraisal report. The accessory unit of each comparable sale must also be noncompliant with the zoning and land use requirements to demonstrate the conformity and marketability of the subject property to its market area; and
  - REMN confirms that the existence of the accessory unit will not jeopardize future hazard insurance claims

#### **Manufactured Home Accessory Unit**

Freddie Mac will purchase a Mortgage on a one-unit dwelling that contains a manufactured home accessory unit that meets the requirements for a property with an accessory unit and the following:

- » The Manufactured Home meets the property eligibility requirements (Section 5703.2) and title & lien requirements (Section 5703.7) from the Freddie Mac Selling Guide.
- » The Manufactured Home accessory unit must be legally classified as real property.
- » A Manufactured Home accessory unit must have a minimum of 400 square feet of gross living area and meet HUD codes for Manufactured Homes
- » A Manufactured Home may not be an accessory unit for a Mortgage secured by a Manufactured Home.
- » The appraisal report for a 1-unit property with a Manufactured Home accessory unit must include the following:
  - Confirmation that the HUD Data Plate/Compliance Certificate is attached to the dwelling. If not attached, the appraiser must provide the data source(s) for the HUD Data Plate/Compliance Certificate information reported.
  - Confirmation that the Wind, Roof Load and Thermal Zones meet the minimum HUD requirements for the location of the subject property. If the unit does not meet these requirements, the appraiser must address.
  - Confirmation that the HUD Certification Label is attached to the exterior of each section of the dwelling. If not attached, the appraiser must provide the data source(s) for the HUD Certification Label information reported.
  - Manufacturer's Serial # (s)/VIN # (s)
  - HUD Certification Label # (s)
  - Manufacturer's Name
  - Trade/Model

## **Attached Condo Units:**

The following flood insurance coverage, as applicable, is required:

### **Condominium Owners Association's Coverage**

- » The condominium owners' association must maintain building coverage on the building for the lower of:
  - The building's replacement cost, or
  - \$250,000 multiplied by the number of residential units in the building.
- » **NOTE:** Stand-alone flood insurance dwelling policies for an attached individual condo unit are not acceptable
- » The condominium owners' association must maintain contents coverage on the building for the lower of:
  - The actual cash-value of the contents in the building that are owned in common by the association members, or
  - The maximum amount of contents coverage sold by the NFIP for a condominium building.
- » The deductible of the condominium owners' association's coverage may not exceed the maximum deductible amount currently allowed under the NFIP for condominium association building coverage. The deductible for association building contents may not exceed the maximum deductible amount currently allowed under NFIP for association building contents.

### **Unit Owners Coverage**

- » To the extent the condominium owners' association's building coverage does not meet the above requirements, the Borrower must maintain supplemental coverage on the unit in an amount at least equal to the difference between the condominium association's building coverage allocated to that unit and the amount required on a 1-4-unit property and with a deductible not exceeding the maximum deductible allowed for a 1-4 unit property.

If the condominium owners' associations' building coverage is not at least equal to the lower of 80% of the building's replacement cost or \$250,000 multiplied by the number of units in the building, the Mortgage is not eligible for sale to Freddie Mac, with the exception of Freddie Mac Open Access loans, which remain eligible with supplemental coverage if applicable.
